Re: MUR 5781

Dear Mr. Cornett:

In order to assist the Federal Election Commission in determining whether to find reason to believe any violations of the Federal Election Campaign Act may have occurred in the above-referenced matter, the Commission offers you the opportunity to clarify or amplify the response you submitted in September 2006. While we would be happy to receive any additional information you would care to submit, we call to your attention one issue in particular.

Your response appears to lack specificity regarding the complaint's allegations of coordination between Mick Cornett for Congress and Mick Cornett, Inc. Video Production. We invite you, if you choose, to address who paid for the direct mailing attached to the complaint, whether it was you personally, your company, your congressional committee, or another source. *See* 11 C.F.R. § 109.21(a)(1).

Any response on your part is entirely voluntary. If you choose to respond, you may respond in any format you choose, but you should be advised that the Commission generally finds sworn affidavits to carry more weight than unsworn statements – provided such affidavits contain specific information from individuals with personal knowledge of the relevant facts. As noted, the Commission will take into account any additional information you may provide in determining whether to find reason to believe that violations of the Federal Election Campaign Act may have occurred. The effect of such a finding would be to initiate a formal investigation. *See* 2 U.S.C. § 437g(a)(1).

Should you choose to respond, please do so within five days of your receipt of this letter. If you have any questions, please contact me at 202-694-1650.

Sincerely,
